

The International Technology and Engineering Educators Association (ITEEA) is ***THE professional organization for technology, innovation, design, and engineering educators***. Our members are both individuals and groups who work in the technology and engineering field, and we would like to personally invite you to join us in our mission to promote technological literacy for all. ITEEA members are dedicated and passionate about this mission and in promoting the profession, and feel empowered because ITEEA gives them the resources to do their jobs better.

SPECIAL OFFER*: TAKE \$10 OFF Membership Dues (NEW Members Only)

Below are five reasons ITEEA can benefit you.

1. BE MORE PRODUCTIVE AND INFORMED on the latest in technology education and STEM with ITEEA journals

Receive annual subscriptions to:

Technology and Engineering Teacher, our flagship and peer-reviewed journal, targeted to K-12 classroom teachers and teacher educators, brings you reports of current trends in technology education and STEM, technology learning activities, program articles, news, and a calendar of events.

Children's Technology and Engineering, an ASAE Gold Circle Award-winning and theme-based journal geared towards the K-6 classroom teacher, provides hands-on challenges from Design Squad Nation, feature articles, resources, and more.

...and access ***ITEEA's Standards for Technological Literacy*** and other standards-based publications.

2. BE MORE EFFECTIVE and CONNECT with others through ITEEA's IdeaGarden Listserv

Save time, money, and energy by connecting with other like-minded professionals on ITEEA's IdeaGarden listserv, a teacher-to-teacher discussion forum that can provide you with tips, lesson plan ideas, activities, and just about anything you might be searching for and need a quick answer to.

3. SAVE MONEY on courses and units that deliver STEM and technological literacy

Receive discounts on curriculum materials—sure to help you in your classroom—from ***ITEEA's STEM Center for Teaching and Learning's™ Engineering byDesign™ (EbD™) Program***, the ONLY standards-based, national model for Grades K-12 that delivers technological literacy.

4. DEVELOP PROFESSIONALLY by taking an active leadership role in an association that supports you and your interests

Connect further by being part of one of ITEEA's many councils – ***Children's Council (CC)*** for elementary school teachers, ***Technology and Engineering Education Collegiate Association (TEECA)*** for students, the ***Council for Supervision and Leadership (CSL)*** for technology education

coordinators, and **Council on Technology and Engineering Teacher Education (CTETE)** for higher education. Be part of determining the future of your association and a voice that makes a difference.

5. SHOWCASE YOUR PROGRAMS, BE RECOGNIZED by your peers, BRING ATTENTION to your school

Participate in the **ITEEA International Conference** – present on a topic of interest, or take part in ITEEA’s **Teaching Technology and Engineering STEM Showcase** – an exchange of best practices in the field. ITEEA also offers awards and special recognition at the international level.

ITEEA members also receive insurance discounts, are eligible to receive grants and scholarships, and have full access to “**Members Only**” – a private website area featuring an online library that includes publications, standards documents, conference presentations, white papers, and more.

SO... Why Wait?

***MAXIMIZE on these OPPORTUNITIES
FOR LEARNING ALL YEAR LONG!***
